COUTINHO + VILELA ARQUITETURA

APARTAMENTO VITÓRIA

Todo o conceito do projeto surgiu a partir do painel de azulejos de Burle Marx – primeira obra adquirida pelo casal de moradores. A concepção privilegia espaços livres e versáteis, valorizando a brasiliidade do mobiliário e das peças cheias de significado e poesia. Um exemplo é o Barquinho, do artista capixaba Hilal Sami Hilal, que navega sobre a mesa Água, de Domingos Tótora. Para sentar, as famosas Mole e Oscar, de Sergio Rodrigues.

VITÓRIA APARTMENT: The whole concept of the project was born from the Burle Marx tiles panel – the first piece purchased by the couple. The conception emphasizes free and versatile spaces, highlighting the Brazilian design in furniture and pieces full of significance and poetry. An example is the Barquinho (small boat), by artist Hilal Sami Hilal, from Espírito Santo state, which navigates over Domingos Tótora's Agua table. For sitting, the famous Mole and Oscar chairs, by Sergio Rodrigues.
